Pokhara is a remarkable place of natural beauty. Situated at an altitude of 827m from the sea level and 200km west of Kathmandu valley, the city is known as a center of adventure. It has several beautiful lakes and offers stunning panoramic views of Himalayan peaks. The serenity of lakes and the magnificence of the Himalayas rising behind them create an ambience of peace and magic. So today the city has not only become the starting point for most popular trekking and rafting destinations but also a place to relax and enjoy the beauty of nature.

Kathmandu Valley Trek can be organized only camping (Tented Camp). On a camping trek you will sleep in tents. The staff includes a guide, cook, Sherpa and sufficient porters to carry all trekking gear. Even if you have never camped before, there is no need to worry that you won't enjoy the experience. The tents we provide are roomy, the sleeping pads/ mattresses are comfortable and international style food of a high standard is freshly prepared and served. On all of our treks a bathroom tent is provided as well as a dining tent with tables and camp stools, providing a cozy, comfortable atmosphere to eat and chat with fellow trekkers during the evening.
